Synopsis

Pick a book. Grow a Reader!This series is part of Scholastic's early chapter book line, Branches, aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow!Uh-oh, Animal Town is in trouble! Meanie King Viking has created a dreaded robot army to spread No Fun across the land. On top of that, he has stolen the happiest and most fun animal ever, Singing Dog. There is only one person who can save the day -- Super Rabbit Boy! Super Rabbit Boy is super fast and super brave, but he's also a video game character living in a video game world. What will happen when Sunny, the boy playing the game, loses each level? Will it be game over for Super Rabbit Boy and all his friends?With full-color art by Thomas Flintham!

Customer Reviews

Gr 1â "3â "A young boy playing a handheld video game as the character Super Rabbit Boy works his way through many colorful pages of peril, navigating a sea of Robo-Crabs, biting Robo-Fish, quicksand, Robo-Snakes, and the very scary Mount Boom and trying to save Singing Dog and all of

Animal Town from King Viking and his robot army. The point of view quickly shifts from a third-person perspective of the boy in his messy bedroom to a first-person perspective as the boy plays his game, then flashes between these two viewpoints throughout. Brightly colored illustrations of the game screen move the story along rather quickly. With short chapters and full-color pages, this first installment in a new series will draw in young independent readers. VERDICT A strong addition to most chapter book collections, especially where there are gamers.â ”Lindsay Persohn, University of South Florida, Tampa --This text refers to an out of print or unavailable edition of this title.

Animal Town is in trouble! Meanie King Viking and his dreaded robot army are spreading No Fun across the land. Only Super Rabbit Boy can save the day! But first he must get through many dangers, including sand traps, lava, and lots and lots of robots. Wil

The story is great. My son loves it. However, the book is poorly constructed. I literally fell apart in my hands the first time we read the story. This was within less than 24 hours of owing it. This wasn't even a child abusing it. This was me reading the book to my son in bed the first night we owned it. Something is wrong with this batch of books.Update: sent us a new book. This book has a slightly different cover (not as slick) and it holding up as it should. Thanks.

I purchased this for my six year old grandson (will be a first grader this fall) and he absolutely LOVES it! Already ordered the next book in the series. It's a great series for a beginning reader to master.

Cute story but binding completely failed. Opened it and all the pages fell right out. Could just be a one off though.

My daughter loved this book. It's funny and different.

The binding of the book broke in the first hour. I had to tape the entire book together. My 7 year old son did enjoy the book.

My granddaughter loves the book.

Son loves it!

My son loved this book
