Rating: 3.5 starsThis is another great installment in the Wolves of Desire series. Shaylee was the

best part of this story. I love stories with small children, especially children who can shift into small animals. I liked both Blake and Colt has the MCs in this story. I felt sorry for Blake in a way, since he was thrown into the paranormal world in a sink or swim situation. The story itself was good. I'm glad that many of the events took place at the pack house. It's always nice when we get to see the other members of the pack interact with each other. Some of the events in the previous installment affect the events in this book, so it is definitely not a stand-alone story. If you are a fan of this series, I highly recommend this book.

I loved this latest story in the desire series. Colt and Blake were an awesome couple, and Shaylee was too adorable! The twist about who was related to who had my jaw dropping. Well done, Ms. Hagen. I know Joe Hephner is a villain, but I can't help but love him. His character has so many layers to it. I can't wait to read the next story in this series.
