# The Explorer's Son (The Inventor's Son Book 3)

## Synopsis

Ethan Stanwood has survived yet another series of horrible calamities, but his fortitude may finally run out... Aloysius Hardwick has plans for Ethan that could very well destroy any possibility of him finding his father at long last, at a time when it is most vital that he be reunited with him. The ranks of fully accomplished dark witches have dwindled to a perilously low number. And Hardwick is more motivated than ever to bring Ethan into the fold and transform him from the heir to the Order of the Crystal Star into a Septimo, a witch capable of killing another with magic. Ethan's determination and strength are tested further than they have ever been. While his troubles are mounting, his beloved city of London is quickly becoming a hotbed of danger and rebellion. He only thinks that he is removed from the chaos, until, in an act of terror, the turmoil is brought straight to Ethan and his stalwart companions. Filled with magic, gadgets, dirigible airships, adventure, mystery and intrigue, *The Explorer's Son* will pivot the entire series into a new direction and set the first stages of the final battle between the forces of change and the foes of the new order that is sweeping the world in its blaze.

## Customer Reviews

Very creatively written and an enjoyable read. The author is very talented and I loved all of her books!

This series, and each book in it, gets more and more twisted with layers of conspiracy and complexity. The lead characters get stronger as he confronts all the challenges thrown at him and peels back some of the layers of mystery surrounding him, his father and family. The adventure continues strongly in this well written newest addition to the series. If you liked the prior books you'll definitely love this one. If you've not tried them then by all means do so - but start with the excellent first book to get maximum value.
