The Guns Of Clint Cain: Clint Cain: The Texan Avenger (The Texan Gunfighter Western Series Book 2)

Synopsis

They crossed him. He killed them in the name of justice. From Robert Hanlon, the bestselling author of *Texas Bounty Hunter*, and *Bounty For The Preacher*, and *Clint Cain: The Texan Avenger* comes his latest bestselling Western *The Guns of Clint Cain*. Vengeance, repentance and justice come in many forms. For Clint Cain, it comes in the form of his gun—a gun he knows how to use better than almost anyone else. Gravely wounded, Clint finds his life is in the hands of a band of Indians with little love lost for the white man. It is only his search for justice that allows him to be cared for and accepted as a member of their band. Clint soon falls into a life of rustling cattle to help save the band. After months of helping the band and teaching them the cattle business, his dreams of the past haunt him, and he soon chooses to try and return the life he had planned on living. While working towards rebuilding his grub stake, he finds himself having to defend an innocent man which, in turn, forces him to live life on the lam. Running for his life, his escape lands Clint in the defense of a small town. If he succeeds in saving the town from the ruthless outlaws who have stolen and murdered their way to control, Clint may find his way back to his dreams of the future. If you like your Westerns written in the style of A.H. Holt, Bruce G. Bennett and Paul L. Thompson, you will love *The Guns of Clint Cain*! Customer Reviews

It was good up to the point it turned into a mash-up of "Rio Bravo/Rio Lobo" All that was missing was the Duke!

Action, greed, murder and vigilante revenge seems to be plot of this western. Clint Cain wandering on his road to Texas, trying to earn enough money to buy a ranch to raise horses. There's the other angle of greed, they call it "TEXAS GOLD." Greed from the beginning of the world and creation of mankind, that green eyed monster continues to infect mankind. So goes Clint Cain, whose gun abilities are observed by a couple of men whose town was taken over by these types of men who were milking them for their ranches...reminds you of the mercenaries of the "Magnificent Seven", ridding a town of vicious bullies..hope Clint Cain dream comes to fruition.

I don't know how I feel about this book. It was going along nicely and then it was the end.
