Shipping Weight: 9.4 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars 21 customer reviews

Best Sellers Rank: #588,944 in Books (See Top 100 in Books) #217 in [Books > Reference > Writing, Research & Publishing Guides > Writing > Editing](#) #525 in [Books > Business & Money > Skills > Business Writing](#) #712 in [Books > Reference > Words, Language & Grammar > Reference](#)

## Customer Reviews

"Oh, English! In a language where there are 752 rules just for using commas, it's a delight to have an easy-to-follow guide. *Correct Me If I'm Wrong* puts English into plain English, which is no small feat! The book is terrific." - Scott James, New York Times columnist; author of the bestselling *Kemble Scott Novels SoMa and The Sower*"The thing about Arlene Miller's new grammar book is that it works. The book is easy to read, laced with humor, and stress-free to absorb because of all the great examples. I'm keeping my copy right next to my computer." - Linda Loveland Reid, author of *Touch of Magenta*, past president of Redwood Writers"Just as Miller did in *The Best Little Grammar Book Ever!* she has put together another grammar book that is both informative and a pleasure to read. I have become a staunch member of her fan club." Persia Woolley, author of the *Guinevere Trilogy*

With its expanded section on comma use and answers to the most confusing word-usage issues, I

hope you find *Correct Me If I'm Wrong* fun and useful! It is the perfect accompaniment to *The Best Little Grammar Book Ever!* which contains more basic grammar problems. I have written the book to appeal to all ages from about 11 through adult. This book will be helpful for students (from middle school through graduate school), writers, professional of all types, and anyone who ever needs to write anything. Although the topic is serious, the book is written in a clear, easy-to-use, and fun-to-read manner with plenty of examples and a complete index. All topics are arranged alphabetically to make finding anything you are looking for simple. Enjoy!

This is clearest, easiest to read, best organized information on grammar that I've ever seen (Strunk & White watch out). I've been going through (you can't really read a book on grammar) *Correct Me If I'm Wrong*. I did scan *The Greatest Little Grammar book*, but *Correct Me* is really the help I needed (especially with my nemesis, COMMAS!).

This is quick and easy to use. While editing my book, punctuation, word usage and grammar questions were easily found in this book so that I could make the needed corrections.

This book is an exceptional book. Moreover, this book and Ms. Miller's book, *The Best Little Grammar Book Ever*, make a first-rate combination; they complement each other nicely.

Concise and clear guide to the stated topics. It's not overwhelming with excessive description - just "cuts to the chase" with clearly understandable examples. Language is one of my easier efforts, but I still find this a very useful tool. Should be excellent for those who find it more of a challenge, or didn't get good instruction in school.

What a great little reference book for correcting and refreshing one's grammar and word usage.

excellent i love it very much

great sevice

Good
