Spore Of Anthros (MsI3, Marvel Universe Module)

Synopsis

The Cosmic Control Rod Trilogy continues as the Fantastic Four ventures into the Negative Zone to face off against Annihilus, the Rod's creator. Agents of SHIELD are lost in the anti-matter universe of the Negative Zone, and it's up to you heroes to save them. Once inside the Zone, you must face the wrathful return of the evil artificial intelligence of Quasimodo. The final conflict on Annihilus' planet shows that, even weakened, the despotic Spore of Arthros and Terror of the Negative Zone is still one of the most dangerous and powerful villains ever seen. The adventure contains a surprise ally who makes even Annihilus quake as he approaches.

Pretty reasonable module, featuring Annihilus. A bit of an odd combination here, as the heroes run up against good old Fu Manchu ... err.. Yellow Claw, and also get to go racing around in the Negative Zone, which, of course, is where the old crazy bug blaster himself likes to hang

out. Fantastic Four fans should like this one.
