How To Write Short Romance Kindle Books: A 40 Minute MASTERCLASS

Synopsis

Are you ready to share your romance stories with readers around the world? Then this is your chance to become part of the booming market for short digital romance fiction. Over the past seven years, I have created 19 award-winning romance novels for two international publishers and over 1.2 million copies have been sold in 28 countries around the world in 23 languages. The good news is that romance fiction is as popular as it has ever been. Just look at the Bestsellers top 100 paid list. It is dominated by romance titles. Writing short romance Kindle books is an ideal home-based business, with minimal start-up costs. You work where and when you choose, writing the kind of romance stories that you love to read – and then publish them for free! What's more, short fiction is fast to both read and to write. No more procrastination! You can create passive income from day one with short romance stories that only took you a few hours to write. This eBook guides you through an intense Masterclass on the key techniques that you need to start writing short romance fiction, which you can then publish on the Kindle platform. As a professional romance author, I have broken down the process of writing romance fiction into: A complete nine-step plan packed with the essential information you need to write your own short romance fiction, from understanding the different types of romance categories through to advanced story structure. A proven six-layer character development technique to help you to create compelling three-dimensional characters readers will love! As a bonus, I have included a section with practical advice on how to transform your manuscript into an eBook. This detailed Fast-Track guide has been designed to be around 40 minutes long, which means that there is no filler, just quality information from the start. Your complete starter plan is written in straightforward language and each step has been tried and tested. I know that it works because this is the system that I use to create my own award-winning romance fiction! Take a risk and learn How to Write Short Romance Kindle Books today – it could be the key to a new career and a brilliant entrepreneurial small business. It is much easier than you think. Just take that first step! NEW SPECIAL OFFER! This eBook is part of the ROMANCE SELF-PUBLISHING BOOK BUNDLE (Books One to Three): All the Information you need to Write, Publish and Promote your Romance Kindle Book. Customer Reviews

Thanks Nina H. I am just starting out as a romance writer (not counting the scores of unfinished manuscripts I have shelved over the years). I picked one up and I am determined to apply the steps you outline in your book. What I think will help me most is your emphasis on developing conflict and resolution throughout the story to stave off the dreaded 'sagging middle'. I knew conflict was important but I did not think of creating that kind of ebb and flow throughout the story that keeps the hero and heroine moving towards each other in a more organic way rather than the linear, predictable fashion that gets boring for readers. I could not wait to finish to pick up my draft again and see how I can inject more texture. I really appreciate you making the information available. I will have to re-visit the technical aspects of kindle publishing when that time comes.

Very helpful material! I got a lot out of this class, and it literally took me less than an hour to complete it, so the title is accurate. This was just what I was looking for, and I am grateful that Nina took the time to share her knowledge. Thanks Nina!!

I found book to be informative as I am a romance writer. However, the book did drag on quite a bit, and I found myself skimming to get through it. Thank you for writing the book.

This was a fabulous ebook, filled with straight forward information. I had planned on this purchase for a few months. So glad I did. I found the section on publishing most helpful. I would definitely recommend it and will read it again. Cordially, Sylvia Tharp

Loved the book. Very informative. The author walks the reader step by step down the path to becoming a romance author.

As an aspiring romance writer I have been reading plenty of romance novels and how to advice. Nina's book provided good advice with good examples. I will consulting her pages as I continue on with writing my novel.

This is short and sweet, I especially liked the bit on Structure, but it was too short. I would have loved a more hands on approach in seeing how she outlines her own work. The book could've used more examples and isn't really all that specific on short romances, contrary to what the title suggests. It's a good starting point and if she'd put a bit more effort in it, it easily would've become 4 stars.

This book contains a great deal of useful information for the new romance writer.
