Find Out What's Fascinating About Cambodia You supposedly have heard about the world-famous temples of Angkor Wat and want to see these complexes with your own eyes. Not many people are aware of Cambodia's beautiful coast, as well as their scenic nature. And if you are really in for trying something new, take a good look at their cuisine. With influences from the Chinese and French cuisine, it sure will be a new experience. Food is usually one of the reasons people travel, and that is definitely a reason to visit Cambodia. I love Asia and visited it several times. So I knew a lot before reading this book. But I can say it was really interesting to read and I found a lot of helpful information that I did not know. It is a great Set about Amazing countries like Vietnam, Laos, Cambodia. It will be helpful for those who will visit Asia for the first time and also for experienced ones. Thank you to the author for the life experience and good advice and recommendations!

This box set is awesome. I really like how the author takes the most important things to do and compiles them into these handy guides. I am leaving for Vietnam next week and I feel much more excited now that I know of more things to do, sites to see, and food to eat. I highly recommend.

The first thing I LOVED about this book is the vibrant Vietnam map! I have a Cambodia trip coming up and I found it really helpful to reach not just about customs and culinary delights that Cambodia has to offer, but also the range of adventure activities one can undertake. Apart from visiting the temples the author speaks about, I am excited to go to Battambang and Campongcham. I also

enjoyed looking at some of the pics in the book. Makes it real.

Great ebook about three countries we bombed for years.

All the reviewers that I have looked at reviewed lots of books on a few days in April. All the books got rave reviews!!! REALLY????

The book has tons of awesome information to make the most out of your visit to South-East Asia. This is an excellent guide as the author goes into detail about the food, types of transportation, attractions, and adventures to experience. The author/publisher created this box set because these 3 books really are handy and informative.
