While the tabs are probably pretty good, the Kindle version makes them unusable. I've tried to read these on every device I own, and not a single one of them will let me zoom in so that I can scan the page to read the tabs. I can zoom, but when I do so, I am stuck in a particular corner of the tab, and can't slide across it to see the whole tab. How do I get a refund? If you plan on buying the Kindle version, it will only make you angry. Don't do it. SUCKS!!!

Great tablature book. Many hits.

If'n Ya want to Play some Petty Music, You're gonna need this. All the Favs. are in there so there Ya go. Get it....

Granddaughter was happy to get this. Said it was just the one she was looking for. Score one for grandparents.

Excellent. All of the "Greatest Hits" era hits are here. If you're a fan and a guitar learner, this is a great book for you.

If you like Tom Petty, this is for you! It has a good choice of songs, not all of the best ones but Tom Petty has soo many good ones. I used it for Breakdown and Mary Jane's Last Dance

This book has a lot of detail in it! If you're looking for a lot of information, this book is for you. If you're looking for a quick reference guide you can use on stage, I wouldn't use this book, as some of the songs take up 3 or 4 pages. Overall, a great book to learn the songs!

Good TP song book. I learned a bunch of new chords. Good product. Cheers!
