Customer Reviews

Book by Phil Brucato

Loved the book; still trying to find the rest of the books.

boo, white wolf is no longer. i love this book. was stolen from me 2 times now. this is my last time buying this book(hopefully) I'm so lucky to have found another copy.

Good Book, Great illustrations. The story is good and keeps me interested. Kinda creepy book but is a very good fiction story

No rule only plot. This book is the story of Lilith. You can read it also if you don't like the White wolf game. Amazing.

I've always enjoyed the vampire religious chronicles and I have to vouch for this seller.Thumbs up.For a "Good Condition" book it looks as if it came off the shelf!

This finishes my collection

While it is true that this is a better reference for Sabbat characters than Camarilla, this is not because of wanton sexuality or anything like that. It is a book about discovering yourself through all outlets: pain, thought, suffering, sexuality, sensuality, etc. This is more of a Sabbat outlook than a Camarilla one, so it is more appropriate for those characters. That set aside, it is not really all that helpful a resource. Some of the book was obviously researched, I can tell that from my own studies. However, much of it was merely Lilith bemoaning her fate. Dark Mother indeed. Where is this Mother's self-sufficiency, her self-confidence, her satisfaction at what she is doing? Nowhere. It is a book about her whining and using her powers to seduce those she hates until she meets her love, Lucifer. While that is all very interesting, the art is neither detailed nor differentiated. The only really interesting pictures are toward the end, where Lilith is dressed in the outfits of Pharaoh, and where she holds Lucifer's sword and prepares to slaughter her enemies. The text is not as poetic as you would be likely to think, if you had read *The Book of Nod* or *The Ercyes Fragments*, both of which are wonderful and highly recommended. If you have need of more of that, go ahead and pick this up. If you have players who are Lilins, go ahead and have them pick this up. If you are interested in vampire flavor, this is not really for you. It shuns vampires mainly, and it is not really useful for them. Harkius

As I force my players to dive deeper into the mysterious world of Kindred and fight against destruction, prophecy can be a wonderful thing. I use this book, along with "The Book of Nod" and other WoD books to develop unique interpretations to the story we have just finished our fourth summer of playing. Told from the point of view of someone investigating the cults concerning Lilith, we get 3 "books" about the Dark Mother. These three agree on many points but it is the contradictions that I find most useful in the game. A creepy feeling surrounds the book and you may get chills just from reading it.
