Lily (The Highland Clan Book 3)

Synopsis

Lily Ramsay is the sunshine at the center of the Ramsay clan. Even as a wee lassie, sick with a childhood illness, she had the power to spread smiles and laughter wherever she went. But when Lily's beloved brother marries and becomes laird of the clan, Lily feels lost. Her once steadfast companion has little time for her, and his new wife has assumed the duties she used to carry out for the clan. While she couldn't be happier for her loved ones, she longs for something more for herself. In truth, she longs for her brother's best friend—the braw warrior she's loved all her life. Kyle Maule has made it his mission to do aught he can to honor his sire's legacy. His appointment as the new Ramsay laird's second is a dream come true, but Lily Ramsay's beauty and irrepressible spirit threaten to make Kyle forget himself and fumble on the job. Desperate to do his duty to his laird and his fallen sire, Kyle tries to quell his feelings for Lily—to protect her without succumbing to the desire to be with her. But Lily is not the sort of lass to be held at arm's length. When an unexpected threat befalls her, Kyle will have to decide to either let her in all the way or step away from her forever. A stand-alone novel.

Customer Reviews

I enjoyed this novel about Lily from clan Ramsay and there were definitely some magical moments here, however I did have some issues with it. My main problem was with how childish Lily was. While she was a special girl with a wonderful way with animals and a beautiful spirit, I wondered if maybe she was mentally challenged at times. It was not clear if this was the case or if the writing of her character was just simplistic and stilted. Some of the other dialogue was very elementary as well. On the positive side, it was a lovely love story and I felt the connection between Lily and Kyle. There was some nice steamy passion between them once Kyle came around.

I have read all the books in the Grant and Ramsey series and loved them all but I was a little disappointed in Lily's character. I felt she was very immature and acted more like a 10 year old , then a grown woman and also seemed to be very insecure. She didn't seem to have the understanding of a womanI read all of the Grant and Ramsey books and loved them all but I was disappointed in Lily. She seemed to be very immature and acted more like a 10 year old little girl then a grown woman but I don't know how old she was supposed to be? She had no understanding of Kyle and kept doubting ,that he loved her even tough he told her that he did. I could not really warm up to her , to me she seemed to be a spoiled little Girl and didn't care of the consequences of her actions. I am looking forward to the story of Jake and all the other books to come in the series.Keira Montclair is one of my favored Authors and Lily is the only book I was not a 100 % happy with.I loved reading about all the other characters of the Ramsey family from earlier books in Lily.

Considering the fact that people differ in their opinions, and I respect that right, I will be brief and as less cruel as possible. One word describes this book for me. Drivel. Ok, yet another one: Whiney. I fail to understand its high rating. I considered the ratings given for this authors works, bought 3 books at the same time and found them to be a waste of my time and money. Read the first book, skipping over the whiney parts, then skimmed the remaining two. Same plots, same character personalities, same drivel, same whining. Will not be reading any more by this author.

I really did not enjoy this one - Lily came off as an immature BRAT who had been coddled way too much. From the reader's point of view she is NOT likable. I really have enjoyed this whole series but

this sort of jumped the shark for me, I see the next one is about Jake so may read it but this REALLY turned me off the series. I don't understand writing this with the main character being such a dislikable person. Other than that, it continued the series forward.

Lily is the 'Heart and Soul' of her Clan. Kyle is the her brother's best Friend and his second who has been in love with Lily since the first day he met her. This story is funny and sweet and has some great twists and turns. If you haven't read any of Keira Montclair's books about the Grants and the Ramsey's you have missed out. They are all awesome and as you read you feel like part of the family. This family is large but full of love and support. The men are men, strong and powerful but can be brought to their knees by these women they love. All of Keira Montclair's books are stand alone reads, but I would recommend that you read all of them, if you don't you miss out on some great characters. I can't wait until the next book!

The characters, dialogue, and overall writing style of this book were so poor I couldn't even finish it. Lily's childlike innocence and naive nature are so at odds with anything sexual that it feels wrong even reading about it - besides the fact that her absolute lack of a grasp on reality is terribly annoying. Pair that with a flimsy plot and underdeveloped characters and interactions, I would not recommend this book to anyone, even for a "fun" read.

I just found this author and I want read everything she's written. This is book 3 of this series and it was just as good as the the other 2 only this one to me was sweeter. If you love the highland love stories you'll love this series. I'm going to try reading the first series as well but for now on to the next book in this series. Happy Reading!!

Lilies story was a refreshing tale, as an Adult she stayed true to her nature as a free spirited Lass. Kyle turned out to be a true protector of her spirit. I have read all the books by this author. The Grant stories and Loki and Torrians. Keira Montclair kept other characters involved in this story, but I can stand alone you dont have to read the other books first. But you will want to read them after you read this book. I can't wait till next one. : -)
