Customer Reviews

Needed a few more of these. Have been using these Hagaddahs for years. The best short service I have seen. Highly recommend

I started using this Haggadah when my grandchildren were very young. They are now teenagers. Each year they find something new in this book to talk about. We had extra people at this year's seder and I was so happy to find this great little Haggadah still in print. It truly is a Haggadah for all ages. This year our youngest was 11 and oldest in his 80's.

After examining many Haggadahs we chose this one for our Seders. It seemed to have the right mix

of traditionalism, and modern practice, with enough material to hold the interest of my small grandchildren.

The "Family Haggadah" appears to be illustrated and annotated for parents who want to keep their 7 - 12 year olds engaged during the seder. For that purpose, the Family Haggadah seems to be an excellent choice. Beautifully illustrated with lots of fun "side" facts. If you have teenagers or are a group of all adults, the Family Haggadah will likely come off as too childish. The content is good for various degrees of religious seders. If you are looking for a more cultural/humanistic/secular approach to celebrating Passover, this Haggadah will leave you wanting more. I take my hat (but not my kippa) off to the author for creating a kid friendly haggadah that parents could tolerate.

The Haggadah is written in very simple language suitable for children and others with limited English skills. I am happy with the language and the retelling of the Passover story, but suggest including more songs for singing at the seder table. I particularly love the Passover themed art from the last 1500 years. The art is a main reason I bought the Haggadah.

What a splendid Haggadah. It gives beautiful meaning to our seders. It is not too long, so we can get to the eating and socializing, but does keep us well-grounded and makes the evenings go so well.

Binding is intact. There are no markings. True to description. Would buy from seller again.

Easy to use, nice to look at. Nice size, not too small. Recommended for all ages if you want a concise but complete seder.
