The author has done an incredible awesome job in compiling and creating this book of 101 Coolest Things to Do in Prague, Czech Republic. This book is really a great resource for those who want to learn more about Prague Travel Guide. The book is worthy of attention! I highly recommend this book to all.

A lot of interesting things to do, but no information on location or contact info. Couldn't find them, especially the ones not mentioned in other guides.

This is a thin book with large type and no images. Lots of festivals are listed which would mean that you actually have to be there during that time. This is basically something that could have been found online.

I'm headed to Prague and found this book. It was super helpful for a backpacker on a budget. Thanks a ton!

I purchase this book alongside Prague Travel Tips by an indistinguishable writer from I would have a couple days to investigate Prague toward the finish of a business trip. The book was clear, succinct, and simple to take after, and made exploring through the Lesser Quarter far less demanding than had I done it all alone with irregular meandering. I likewise refreshing tips and things to look for - I imparted the book to my relatives who went along with me in Prague and they discovered it similarly significant to help us in concentrating on the best and brightest of Prague. I additionally observed the creator to be very useful as she gave me singular data to enable me to end up adjusted with the city; all her recommendation was right on the money!!. I would exceedingly prescribe for those meeting Prague surprisingly!
