Customer Reviews

“This important volume, the work of a diverse group of experienced researchers, introduces beginning researchers to the available resources on research approaches to language teaching and learning ... It is an excellent companion to anyone interested in doing research in Applied Linguistics. The book is relevant to students as well as experienced researchers as, apart from succinctly describing principal concepts in research methodology, it also provides references useful for further investigation ... The key issues and sociolinguistic areas relevant to research methods are clearly addressed [...] making it an invaluable resource for language teaching and learning. The strength [...] is in the clear and cohesive structure of both parts of the volume, the clarity of style consistent throughout, and practical illustrations make the book a very valuable and motivating
