Baghdad 1:10,000 / 25,000 Street Map (Travel Reference Map) 2005

Synopsis

1:10,000 scale (centre)/1:25,000(urban area) 1st Edition, double-sided. This is a very good map of a city undergoing tragedy. The map was prepared as the invasion began and, in spite of years of violence, most of the map is still fairly accurate. It is too dangerous to send somebody into Baghdad to update the artwork. We apologize for any changes or shortfalls in this map, which we believe to be reasonably accurate. The old souk is very interesting, and the regional map is unique. Map size:27"X39"

Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985.

Alas, many of the things on the map of this war-torn city have since been obliterated.

this map dates back to a product published in the '80s. It's not up-to-date but it is useful and may be the most current paper map of baghdad you can buy short of actually traveling to baghdad to buy it.

Pre-2003 Coalition invasion. Not a bad product, but obviously not updated regarding names, etc.
