Good piano book for intermediate level. It is missing one of my favorites, the Christmas song. Dan Coates arrangements play smoothly in this book

This book was an absolute hit with our daughter. My wife and I sent this to her as a gift. She has a real love of and talent with music. This book contained some of the pieces she really wanted to have.

The arrangements were easy to play, and the book included different songs. Came in handy for the holiday singalongs at work

I wouldn't have purchased this book if anywhere in the description it had been indicated that it was for easy piano. Most books do specify that they're easy piano if they are to avoid people likes buying them by mistake. I'm by no means a very advanced pianist but I'm certainly intermediate and these arrangements are as basic as they get. I'm having flashbacks from my first year as a child learning to play the piano. Fine book for easy piano but the seller should indicate such or provide a picture large enough to show that. Will likely return or give to my five year old niece.
