Average Customer Review: 4.2 out of 5 stars 2 customer reviews

Best Sellers Rank: #1,162,549 in Books (See Top 100 in Books) #77 in [Books > Science & Math > Biological Sciences > Animals > Seashells](#) #1695 in [Books > Science & Math > Nature & Ecology > Oceans & Seas](#) #7565 in [Books > Science & Math > Nature & Ecology > Fauna](#)

Customer Reviews

This is a great shell book. We found lots of shells on a florida vacation and we were able to identify all our shells with this book. This was a good buy.

I had hoped that his book would have been more comprehensive and that all of the pictures were in color. I want to use the book to identify shells I own and will collect in the future. I'll have to keep looking for another book. Seller was great! Great service.
