David Harp's books are excellent!

I am a semi-pro musician who is self-taught. I practice guitar everyday. This instructional booklet fits into my plan to become a professional bluegrass or country musician. I haven't used it much yet but I am keeping it in a safe plan. Having access to internet shopping has made me a more complete musician. Just a few years ago it was a lot harder to find quality instructional books.DB

This is ok but I was expecting a little more. But I'll work with it. If I become a great Harmonicaist, I may change my mind and give a great review. Till then I'll practice. ;-)

The notation system is horrendous. The book is ok for an absolute beginner. I put the book where I believe it belongs, in the garbage.

David's book taught me how to play the harmonica very well. It shows you the fingering and all. Now I can play the harmonica and my parents won't tell me to quit!! I would definitely recommend it. I love this book. I can play any Western, Blues or anything on the harmonica. Thanks David!!
