Birth Of A Dream Weaver: A Writer's Awakening

Synopsis

Birth of a Dream Weaver charts the very beginnings of a writer's creative output. In this wonderful memoir, Kenyan writer Ngugi wa Thiong'o recounts the four years he spent in Makerere University in Kampala, Uganda—threshold years where he found his voice as a playwright, journalist, and novelist, just as Uganda, Kenya, Congo, and other countries were in the final throes of their independence struggles. James Ngugi, as he was known then, is haunted by the emergency period of the previous decade in Kenya, when his friends and relatives were killed during the Mau Mau Rebellion. He is also haunted by the experience of his childhood in a polygamous family and the brave break his mother made from his father's home. Accompanied by these ghosts, Ngugi begins to weave stories from the fibers of memory, history, and a shockingly vibrant and turbulent present. What unfolds in this moving and thought-provoking memoir is both the birth of one of the most important living writers—lauded for his "epic imagination" (Los Angeles Times)—and the death of one of the most violent episodes in global history.

This book is inspiring and informative. It takes the reader behind the scenes of an author and chronicles his artistic awakening and the beginnings of his creative output. At Makerere University College, a famous institution in Kampala, Uganda, Thiong'o found his calling as a writer, a weaver of dreams. His early disappointment when his winning play was not produced at the Kampala National Theatre was followed by many triumphs. His writing output as a student is impressive--novels, short stories, plays, essays, and numerous published journalistic articles. In the background, colonization was ending. He entered Makerere as a colonized person; he left as "a citizen of an independent Kenya."

Excellent memoir by the author who is long overdue for the Nobel prize in literature. He writes about history, colonialism, and his personal coming of age with nuance and inspiration.

arrived as described and on time

This is a heavy, weighty book - and yet utterly fascinating. The blurb says: "Birth of a Dream Weaver charts the very beginnings of a writer's creative output. In this wonderful memoir, Kenyan writer Ngugi wa Thiong'o recounts the four years he spent in Makerere University in Kampala, Uganda's threshold years where he found his voice as a playwright, journalist, and novelist, just as Uganda, Kenya, Congo, and other countries were in the final throes of their independence struggles." Which seems simple enough, but is not. Ngugi wa Thiong'o (mostly referenced as James Ngugi in the book) writes in depth about the politics of the time - from 1959, when he first entered Makerere University College as a subject of a British Crown Colony until 1964, when he left as a citizen of an independent African state - his birth and growth as a writer being deeply affected by and entwined with the struggle of the African countries for independence. The things he describes are at the same time foreign - so much blood! So much oppression - and yet familiar; Malaysia's struggle for independence and the continued impact of British colonialism gives me, as a reader, a certain shared basis of understanding - or so I would like to think. [It would also seem that the Malay Sultanate may have had a larger mitigating impact - influence, maybe - on the amount of power the British were able to exert in Malaya than I had previously realised. Or the white/black relations are more convoluted and strained than I can comprehend.] As a writer, it's fascinating to discover how the events of the nation affects Ngugi's growth as a writer - both directly, in terms of what he feels led to write about, and indirectly, in the rules, restrictions and opportunities given him to write and present his work. Even if you're not a writer, Birth of a Dream Weaver would be a valuable read for those interested in politics, race relations and history. Note: I received an e-arc of this book via Edelweiss in exchange for an honest review.
