## Customer Reviews

Eckhart Tolle was born in Germany and educated at the Universities of London and Cambridge. When he was 29, a profound inner transformation radically changed the course of his life. The next few years were devoted to understanding, integrating, and deepening that transformation, which marked the beginning of an intense inward journey. Tolle is the author of A New Earth: Awakening to Your Life's Potential, and The Power of Now, a New York Times bestseller that has been

translated into 33 languages and is one of the most influential spiritual books of our time. The Power of Now: A Guide to Spiritual Enlightenment was published in 1999 by New World Library. Tolle is not aligned with any particular religion or spiritual tradition. He lives in Vancouver, British Columbia.

I love the Eckhart Tolle calendar, and buy one every year for my home office. I am sitting about eight feet from the calendar now, looking at March 2017 which shows a beautiful woodland scene with leaves unfurling in spring green and purple flowers in the understory. I can read the words clearly, "Being must be felt. It can't be thought." I am not sure why another reviewer said that the words can't be read, even with a magnifying glass, when I can read them for eight feet away. Some months' pages have less contrast in the typeface versus the background, but you will always be able to read the text.

This calendar has beautiful photos that accompany well the quotes from Tolle's book. Having a different quote each month serves as a nice reminder of the particular reflection offered by Tolle.

It is truly beautiful! I can't believe how large they are. I'm overjoyed, clear numbers that can be read from a distance, gorgeous photos all at a great price point. I can't wait to use them both. The New Earth is very peaceful in messaging and the imagery. For me, they are both worth the money.

I've gotten one of Eckhart Tolle's calendars every year and absolutely love both the amazing photography and the profound and simple messages on each month. I always look forward to getting the new one and have never been disappointed.

love the size and the squares that I can add dates for appointments love the birds

Very peaceful imagery and thought provoking quotes. Average amount of writing space. There's enough room at the bottom to add more details if needed. A big plus for me is that after 5 months the hole at the top has not torn.

Beautiful!

Had one b4 and will always order another.
