Customer Reviews

James Patterson has written more bestsellers and created more enduring fictional characters than any other novelist writing today. He lives in Florida with his family. James O. Born is an award-winning crime and science fiction novelist as well as a career law enforcement agent. A native Floridian, he still lives in the Sunshine State.

Another to the point action thriller. When a quiet little town awakens to the realities of the real world, they respond the only way they know. You use what you have. Family

Patterson continues to keep the audience interested and wanting to know what happens next. He also writes about current affairs. Realistic ending.

People coming together, has a good feel. Did not like the Fed's pushing their weight around and no

explanation.Wanted to learn more.

Great read! We read it in a group over several weeks. It held their attention and was great to leave them in a cliffhanger a couple of times! Loved it!!!

The bookshop idea is good but this one didn't work. Don't waste your money. It was a waste of time.

This book is a very nice read. Let's you on a little bit of life we never hear about. Good

Love these short stories by James Patterson and this one had me guessing for a while.

I kept reading hoping it would become more engaging but it never happened. No creativity or imagination. Dry reading, beyond boring.
