True Blood: A Field Guide To Vampires: (And Other Creatures Of Satan)

Synopsis

The vampires, werewolves, faeries, and other supernatural creatures that call Bon Temps, Louisiana home aren't universally accepted around town. Sweet-talking, bible-thumping Steve Newlin is their self-appointed nemesis. In his demented field guide, Steve has recorded all he knows about these Creatures of Satan, and that's a lot: their strengths, their weaknesses, their bylaws, and, of course, how to kill them. Sadly for Steve "but luckily for True Blood fans everywhere" his journal was stolen by Fangtasia vampires Pam and Eric, who have defaced it in a most disrespectful and snarky manner. A cunningly produced facsimile, and a hilarious read, *The Field Guide to Vampires* is packed with untold insight into our favorite TV characters, along with photos, letters, postcards, handwritten notes, and Steve's own idle doodles in a scrapbook that perfectly captures the tongue-in-cheek camp that makes *True Blood* the most widely watched show on HBO.

Customer Reviews

Gianna Sobol is an associate producer for *True Blood*. She lives in Los Angeles. Michael McMillian is an actor, writer, illustrator who currently plays Steve Newlin in *True Blood*. He lives in Los Angeles.

While you're going to feel this is a rehash of seasons 1-6, it's fun to get another character's point of view. The book's written as if Steve Newlin were making comments about his adventures then lost

his diary which subsequently fell into the hands of Pam and Eric. Most of the real humor is in their hand-written observations about Steve's opinions. The only really glaring flaw is that sometimes those observations are a little heavy-handed. I was hoping for laugh-out-loud. I didn't get it, but I did get quite a few muffled chuckles.

This was a book that I have looked forward to purchasing since I heard it was going to be published. The book was interesting, but I only give it four stars because it got a little boring. The additions from Pam were really funny and the fact that Michael McMillan wrote most of it made me really happy since he was my favorite character on the show.

Fans of the HBO series ""True Blood" will enjoy this hilarious send up, purportedly written by character Rev. Steve Newlin just before his death. It's his diary notes for a book on vampires but noted vampires Eric and Pam have stolen the book and added their own comments and corrections. This is a fun read meant for fans of the series.

Seriously a good really I was definitely laughing and wishing I could have more. The one thing I wish they could've changed was more Eric and Pam their comments were perfect and spot on! Definite recommend for anyone missing the series but wants a fresh take on it.

Really enjoying this book, great for getting a few laughs. Especially for all the True Blood fans out there, specifically Eric and Pam fans. Would recommend to everyone.

This is such a great book--so entertaining! It's full of Steve Newlinisms as well as snarky comments from Pam and Eric. The pictures and drawings are great. I will definitely miss Steve Newlin next season.

This is a fun book with tons of creative content. There are a lot of graphics and fun pictures from the show. It is written well, matching the voices of the character accurately. This is a perfect gift for any True Blood fan and something that they can spend hours perusing and enjoying.

This book is clever, original and well written. It's fun to see a (hopefully) fantasy world turned into what appears to be a memoir giving an insider's view to the world of supernatural creatures. We bought a second copy to give as a gift. Well done and well worth reading.
