No Hiding For The Guilty (The Heart Of A Hero Book 5)

Synopsis

What if super heroes were mortals who lived and loved during the Regency? The Heart of a Hero Series tells all. The military leaders of the fraught Almeida Siege are dying, but not fast enough for a chef with a grudge to bear and axes to sharpen. Using her position as cook to the famed inventor, Lord Hartland, Isadel Armijo learns that one of the butchers responsible for slaughtering her family will sup at Hartland Abbey at month's end. The chef is determined to serve the guilty man his last meal, one with a cake possessing a controlled detonation so she can watch him die. Only one person can teach her how to whip eggs with black powder, Wellington's hulking explosives expert, Hugh Bannerman. Can she convince the recluse to return to society to help avenge her family with a dessert to-die-for? With his soul in torture for the lives his actions have decimated, the hulking Hugh Bannerman is convinced his sins have manifested into leprosy. As the surviving member of his family, how can he take his place in society knowing his uncontrollable anger increases the spots discoloring his skin and puts others at risk? No, heâ™ll remain in hiding until the Almeida Killer finds him or the incorrigible chef Isadel causes too much trouble, concocting a deadlier course, one part hope, a sprinkle of crazy, and a maddening sauce of desire. Can two very different people find the recipe to right the wrongs of the past or forever remain prisoners to guilt?

Customer Reviews

This is a good solid 4 star story. Mystery and romance and two engaging...ok, more than two engaging characters. The H and h are two angry and despairing people who feel that that their lives are over...and when they meet, really see each other, really hear each other, they begin to change, inside and then outside. There is a bit of inner thoughts that explain some of their actions and rightly confuse the other characters. And that's the romance part of the story. And then there's the mystery that entangles them, murders to solve. It does begin just a bit slowly as you get to know the characters, but once kitchen is cleaned and the cooking begins the story moves quickly. I had never read anything by this author until now and now I'm going to look for more by her. This was very good and I enjoyed it very much. It is clean and sweet and still passionate. You will like it.

No Hiding for the Guilty, written by Vanessa Riley, is book 4 of the Heart of a Hero Series. I'm giving this book a 4 1/2 star rating as it was a bit of a struggle for me to get into the beginning of the story...BUT you Must keep going as you will get hooked! As always, Riley takes you on a unique journey with characters that you can't help but fall in love with. I think my favorite character is Hugh Bannerman. I kind of felt like this storyline had a touch of Beauty and the Beast within its characters. Hugh Bannerman being the Beast! He was so full of guilt over his past that he couldn't continue. When his body started to fail, he gave in to the fact that he was dying for his past sins, therefore, giving up on life. As beastly as he can be, he finds that he doesn't have to be that way nor does he want to because he is introduced to a wonderful reason to live! No Hiding for the Guilty shows rather than tells that it's a Christian Historical Romance. There isn't a preachy feel to it, yet the way Riley shows the ability to give forgiveness and accept it makes it worth the read...well done! I was gifted this book in exchange for my honest review.
