Customer Reviews

This book is super dry. The content is fascinating, but the author is writing to an audience of other Maya academics. I'm no slouch when it comes to Anthro/Maya culture, but I frequently find myself looking things up in other source material to figure out what exactly he's talking about. I'd have been really cranky to have been assigned this in college, and yet i'm reading it of my own volition for fun?

Very nice book like new. Awesome seller and fast shipment. Highly recommended. The tex is a classic work in Maya colonial studies.

Grant Jones is consistently the best writer on the early colonial history of Belize and adjacent parts of Guatemala and Mexico. He knows the primary documents better than anyone else. He has a sophisticated, thoughtful and sympathetic approach. And best of all, he writes well. This is not bedtime reading, but for a serious scholar of the Spanish encounter with indigenous peoples, this is an invaluable and engrossing read.
