QUILTING: ONE DAY QUILTING MASTERY: The Complete Beginner's Guide To Learn Quilting In Under One Day -10 Step By Step Quilt Projects That Inspire You - ... Needlecrafts Textile Crafts Hobbies & Home)

Synopsis

Discover How to Quilt in Just One Day with This Easy to Use Guide **** This is a Proven Step by Step Method to Learning the Craft of Quilting - Detailed Images Included ****Welcome to the amazing world of Quilting! When you begin to quilt, you'll be joining a longstanding folk art tradition that has an important place in American handicrafts. The satisfaction of seeing your finished quilt spread out on your bed or draped over the back of your couch will make every hour of stitching worth it ten times over!! A well-made quilt can last for a life time, while serving to not only warm your bed at night, but to brighten up your home with colors, patterns, and beauty. In this book, you will learn how to create striking and unique quilting pieces. Making quilts is easy, fun, and maybe even addicting. Even the smallest patchwork idea can quickly become a big, full, colorful project. Start making your own quilts today, and open up a world of color, creativity, and personal expression that you may not have even known existed. Included in this book are 10 beautiful quilt projects, so you can kick-start the learning process! These projects include pictures and a detailed step by step method to assist beginner's in their quest to master the art! Here is a preview of what you will learn:

- The proper way to think through the quilting process, before starting a project
- The materials and tools needed to complete a quilting project
- How to combine colors and techniques to create beautiful patterns
- Finishing techniques that will make you look like a pro
- 10 original projects to practice all that is taught in this book

Quilts & Quilting

Customer Reviews

This book isn't the very worst of the cheap beginner-quilting books floating around , but it isn't good, either. It has some useful information, but not nearly enough to help a beginner actually learn to quilt. For instance, there are no photos to help you see how to do such things as sewing a quarter-inch seam or piecing a block. There are no actual patterns for you to try. Topics like adding borders or machine quilting are given very short shrift. The author recommends out-of-date techniques and leaves out key steps in her how-to instructions. Don't waste your money.

I had never made a quilt before and wanted to make one. This book has one of the best comprehensive overviews of quilting, from beginning to advanced. It is easy to follow with clear instructions and the ideas are unique. I can say that the projects are great to start on and goes on about all the different techniques and patterns there are to use. This book is a great reference and investment.

Not what I was expecting. Thought there'd be patterns. There aren't. Don't waste your time and don't spend any money on it.

this may be a good beginners book, but for anyone beyond a beginner, I would not recommend it

Tremendous help in this assisting me towards my goal of quilting.

Pattern discussion is interesting but basically information is too choppy. Details on one area but then skips over another with no discussion.

Good

This book does not give enough information about quilting. It's too vague. I wish the author would have continued to discuss patterns.
