Rebellion (The MacGregors)

Synopsis

Her greatest love—
with her worst enemy Scotland, 1745: the Battle of Culloden looms in the near future as Scottish forces, led by Bonnie Prince Charlie, attempt to overthrow the English monarchy and restore the House of Stuart to the throne. Serena MacGregor, the fiery daughter of the powerful MacGregor clan laird, despises Englishmen and all they stand for. So when her brother returns home with his gallant friend Bringham Langston, an English ally, Serena knows the man can't be trusted. All it takes is one look at his friend's ravishing red-haired sister, and Bringham is captivated. But the hot-tempered beauty makes no secret of her hatred for him, and spurns his advances with a rapier-sharp tongue. As the danger escalates, though, Serena's passionate anger soon melts into desire—

A further instalment in the internationally bestselling MacGregor family saga series that chronicles the tempestuous love affair between ravishing Serena MacGregor and the dashing English lord Bringham Langston. --This text refers to an out of print or unavailable edition of this title.

Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

I have read this book many times and will keep continuing reading it. The author knows how to write a book. It captured my attention on the first page until I read the last page. This is the beginning of a series. The story is about two people from different countries and worlds and how they went from not liking each other to falling in love. Their road is not an easy one since they have to overcome many obstacles, the main one being the hatred of English. It is a must read.

I have always loved the MacGregors. It's how I first discovered Nora Roberts. My only frustration is in having to rebuild my collection from scratch. While many of the stories are stand-alone tales, if one has to begin again, this is a great starting place. Daniel MacGregor, that old meddler of our time, truly comes from "good stock" and has every right to his fierce family pride!

My FAVORITE Nora Roberts book of all time!!! Brigham and Serena are SEXY as HELL when there together!!! The PASSION between these two is so DAMN HOT it should be a SIN!!! The LOVE these two have for each other is so BEAUTIFUL its TIMELESS...

I recommend this book to any and all who enjoys a great story! This story spans time. It is ahistorical romance but could have taken place during any war through time. The characters are so real and alive. I want to read the rest of this series.

I just love the MacGregors Family, even though in our ever day lives don't turn out like the lives in these book, it makes you feel good to escape and be apart of this family's love, laughter, ups and downs. Even though they came from money each one worked hard and made there own way in life. The Power between the blood lines are amazing.

This shows the strength of a close family. It was very rough times but they worked it out together lovingly.

book came earlier than promised. Not as thrilled with it as her other books in the series.

Liked it, but is definitely traditional Nora Roberts. No real surprises except the ending so read it and see if you are surprised
