Boris Vallejo & Julie Bell are two of the world's top fantasy artists. For more than forty years, husband and wife have worked both together and separately to produce outstanding work. Boris is best known as the visual creator of Conan the Barbarian, and Julie is famous for her bestselling illustrations of the X-Men for Marvel Comics. Their books include Imaginistix, Fabulous Fantasy Women, Twin Visions, and Boris Vallejo and Julie Bell: The Ultimate Collection. Boris has also published two collections of his photographic work, Bodies and Hindsight. Boris Vallejo & Julie Bell are two of the world's top fantasy artists. I have loved fantasy art all my life and my two favorite fantasy artists are Boris Vallejo and Julie Bell. In the past I have purchased numerous fantasy books with their beautiful and unique drawings. I also purchase their calendars every year. I just purchased their 2016 Boris Vallejo & Julie Bell's Fantasy Calendar from . Their drawings are always fantastic showing beautiful women warriors, strange and fascinating landscapes and other-worldly monsters. There are thirteen all-new paintings in this 2016 calendar. Some of these include Firethorn, intertwined, the offering, firestorm, the messenger, on Dragon's wings, the final battle and soaring higher. In my opinion Boris Vallejo and Julie Bell are the best fantasy artists in the world. If you are a fan of Boris Vallejo and Julie Bell's fantasy art you should check out this 2016 calendar. Personally, I love it. Rating: 5 Stars. Joseph J. Truncale (Author: Tactical Principles of the most effective combative systems).

After 20 years I am tired of Julie. Every new calendar more Julie and less Boris. Next year I will move to Royo

Have been buying this calendar for years. Back when it was just Boris. Thirty years plus. His work is fantastic. Julie is also very good. I can always tell whom does each. Frame some of them for your wall.

I buy Julie and Boris' work every year and it is consistently wonderful. I have enjoyed their art work for years, and Boris many years prior to that. The world needs more spectacular fantasy art work, till then I will proudly display this work on my wall every year.

Not quite as good as the old Boris calendars but still a good item

It's a 2018 calendar. I Haven't opened it yet. Having said that, I have never been disappointed with any B.V. & J.B. product. I don't expect this to be any different.

Boris and Julie's art work is nothing short of fabulous. I really appreciate the depiction of each month's subject matter in their beautiful and tasteful illustrations. Each of Boris and Julie's calendars have a year of myths and fantasies presented in their superb paintings. I look forward to each

calendar and 2016 will be my 35th proudly displayed year of these fantasy calendars and I certainly hope they continue for years to come.

Like the other reviewer, my brother has been collecting this calendar since 1980. In the early years I would hustle around to various brick and mortar stores trying to find it for him for a Christmas present. As the years passed, this activity became more time consuming because this calendar is apparently popular and not carried in many stores, or it sells out fast. This calendar is not for everyone. All of the pictures involve women in the company of fictional creatures of some sort, dragons or other imaginary or mythical things that fly or crawl. In any case, the art work is tastefully and creatively done, with no nudity. has been carrying this calendar for a few years now, competitively priced, making it easy to obtain. Thank you, .
