Customer Reviews

Great comprehensive tea book. It has a lovely introduction that explains about types of teas and the history of tea. Lots of great recipes that I am eager to try. My one complaint is that there is an image pictured on the cover that doesn't exist in the book (I searched for it because I wanted to make it).

I own several dozen cookbooks on the subject of tea time and/or tea parties, and this one is by far my "go to book" and favorite to peruse for inspiration. It has an abundance of gorgeous & appetite enhancing photographs. It is quite large in volume of pages, and dimensions, by customary tea time book standards. Well worth the price!!!

Another one well worth the buying, IMO! Lots of great photos of the foods and tons of great recipes to try in the future!

nice big pictures and decent recipes. I like it.

Found the book to be very adequate and true to its title. Lovely pictures and thorough instructions....ahhhh the pictures and the lay out--seemed familiar. Then I came across a picture that I know I've seen before (Summer Berry Tart)....I looked carefully at the picture of the Treacle Tart and pulled a book that I purchased about 8 years ago titled PASTRY-The Complete Art of Pastry Making. Those particular pictures and recipes are exactly the same!! Different author but both are LORENZ BOOKS. Still very happy with this purchase since this book does cover teas, sandwiches, cupcakes, crumpets, scones, cookies, and layer cakes whereas the other does not.

The book arrived in good condition. Many of the recipes were for sweets, I was hoping for a few more savory choices and table set up suggestions. I used the book to help me give a tea as a baby shower. The party was pretty and successful.

Our friend just emailed to say she loves it, Me too!

This colorful treasure arrived quickly and in very good shape. Filled with recipes enough for numerous afternoon teas and more. Wild's book presents the best food and beverage choices along with easy recipes and detailed advice. Consider choosing this book to add to your tea book shelf or to guide your tea adventures. Fun collection.
