Ana Galán was born in Spain. In 1989, she moved to New York, where she started her career as an editor and translator. She is the author of many books in English and Spanish. When she is not writing, she likes to hang out with her three teenage children and play with her dog, a Labrador retriever.

Me encanta este libro! I am an adult and use children's books to practice my pronunciation and comprehension. Because of the great illustrations, it really helps with retention of the book's idioms. Its a wonderfull book for all ages learning to read!

Excelente! This book is adorable. The illustrations and bright colors are so appealing to our toddler.

The "dichos" (sayings) are classic, adorable, and very similar to many in English. I am a native English speaker who is bilingual and my husband is a native Spanish speaker who is bilingual. We are teaching our kids both languages and want them to know their Mexican culture and this is one tool to teach them both. My husband gets a kick from some of the sayings, laughing because he remembers hearing them growing up. The sayings are good lessons and have good morals. I definitely recommend this book and know it will be a good one for our kids for many years. Our oldest is 2 and a quarter and right now it's good for the visuals and the language. As he grows and understands more, the sayings will be good lessons to live by.

Este libro me ENCANTO. Me recuerda mucho a mi abuela. Ella siempre estÃ¡ usando dichos para darme lecciones de vida. Si eres latino y estÃ¡s buscando un cuento con enseÃ±anza para los niÃ±os, uno que tenga valores, este libro es lo que estÃ¡s buscando. A mi me encanta y tengo 20 aÃ±os. De hecho me quede con ganas de leer mucho mas de esta hermosa historia.

Using this to supplement my "Learning Conversational Spanish" life enrichment class. I'm 73 and this is a little over my head right now....but, I will master it soon! Looking for this "grandmother" to teach me a thing or two.

Such a cute book. I love the cute pictures in it. So colorful.

I have a friend from el salvador that is constantly quoting her "abuelita" and she loved this book! Her grandmother passed away 8 years ago and this book gave her a lot of joy as it reminded her of the love of her grandmother. I found it very interesting and enlightening as to why certain phrases and sayings are used in spanish.

This book is fun and engaging. I love the classic phrases and expressions that teach values but are also part of my culture that I can pass on to my kids. What a great value !Este libro es divertido y simpatico. Me encantan los refranes y expresiones que me recuerdan a mi familia y mi cultura. Son expresiones que le puedo enseñar a mis hijos y se que los estoy educando.

I wanted to rate it 5 however my father who is fluent and first language is Spanish, says the book has language errors. So it is a cute book with bright colors and glossy bags - big too. I'm not sure but unfortunately both my parents won't read it to my son because it is the correct use of some of the

words. Personally I think just a couple words sound off, but that's it, it's a beautiful buy otherwise.
