The Big Book Of Babies (Big Book Of . .. (Welcome Books))

Synopsis

They're joyful, they're mischievous, they're full of life and wonder--they're babies! On their very best behavior or their very worst, you'll find it all in *The Big Book of Babies*, a 384-page collection of more than 230 black-and-white photographs--printed in duotone--that capture the wonder and excitement of babies' first years. The expressions of amazement that come from discovering their new surroundings, the incredible messes they can get themselves into, their irresistible habit of falling asleep in the unlikeliest of places--these are but a few of the reasons babies entertain, delight, and fascinate. From laughter, to tears, to trouble of all sorts, *The Big Book of Babies* is sure to bring a smile to your face. The images are complemented by J.C.'s own whimsical drawings, and by hilarious stories, touching moments, and excerpts and quotes from the works of such diverse and classic writers as Louise Erdrich, Mark Twain, Carl Sandburg, Walt Whitman, and more. The result is a rich source of joy and entertainment for parents-to-be, new parents, empty nesters, grandparents, and siblings to share.

New York Daily NewsSaturday, May 3rd 2008Babies and why we love them so Perhaps you have a teenager who's behaving like one. Or possibly your 9-year-old daughter is insisting all her friends do so go out on group dates. And yesterday, your still tousled-headed 6-year-old boy refused to take your hand in public.How did you get here? As Mother's Day approaches, you can't do better than to

be reminded of the small package that once nestled against your chest and smelled so sweet. That can certainly be had from "The Big Book of Babies" (Welcome Books, \$24.95). In fact, baby smell almost wafts off the pages. Editor J.C. Soares chose his pictures well - 230 of them. There's the always adorable shot of an infant yawning, a baby squished into the infant bathtub and one asleep in the highchair. Classics all. Then there's young Princess Elizabeth lovingly gazing down at Prince Charles in a draped bassinet. Elvis and Priscilla Presley hold their darlin' Lisa Marie close, Priscilla's bouffant almost taller than her baby. Is that Mother Teresa nuzzling a wee one? If, to your mind, there's nothing in nature cuter than a toddler's naked bum on the run from an approaching diaper, or the wizened brow of an infant seemingly deeply perplexed, then you need this book. If, as Ralph Waldo Emerson said, "A child is a curly, dimpled lunatic," then they're our kind of crazy, dimples, curls and all.

J.C. Soares is a designer of books, magazines, and newspapers, presently working with clients including Inc. magazine, Fast Company, Variety, and Publishers Weekly. He has edited and designed The Big Book of Dogs, The Big Book of Cats, and The Big Book of Horses, as well as Funny Babies, a hilarious and charming collection of photographs.

I bought this for my mother who has alzheimer's. She loves babies! We've both enjoyed the precious pictures and little sayings and stories.

I gave this book as a gift and it is beautiful. The pictures are incredible!

As a photographer and the proud owner of 26 images published in this book I should also admit that my review might be a tad biased. Still, I was completely impressed with the presentation of this coffee table book. The images featured showcase a variety of styles from your totally adorable every day snapshots, to some truly stunning professional portraits in addition to several very famous images of celebrity babies. The sentiments added to the pages seem to bring just the right touch to the photographs. Well designed and well printed, this is a must have for anyone who loves babies! Terrilyn O'Neil - [...]

As a baby and child photographer, I LOVE this book. Beautiful photos and really cute stories throughout. Who doesn't love pictures of babies??!!

Since 34 of my images appear in this book, I am likely a bit biased. But it is a beautifully printed book and quite a joy to thumb through and take in the imagery and sweet quotes. Connie Groah, Barefoot Photography
