Biology: The Essentials, 2nd Edition offers a broader and more conceptual introduction to biology, simplifying the more complex biological content to the essential elements that students need to act as framework for the details. MariÃfÆ'Ãtâ ™Ãfâ Ã Â«lle Hoefnagels is dedicated to helping students find the relevancy of biology and science in their everyday lives. A recipient of the University of Oklahoma General Education Teaching Award and the Longmire Prize (the Teaching Scholars Award from the College of Arts and Sciences), MariÃfÆ'Ãtâ ™Ãfâ Ã Â«lle has been engaging, educating, and inspiring students since 1997. She believes that the right tools can make all of the difference in reaching non-majors students. Because of this, the content in this textbook is deeply integrated with the digital tools in Connect and MariÃfÆ'Ãtâ ™Ãfâ Ã Â«lle has worked hard to create Connect questions and activities that go beyond simply memorizing vocabulary and facts. Static images are brought to life through animated tutorials, specifically designed to guide students through tough topics. Whether in class or at home, Biology: The Essentials, 2nd Edition with Connect Plus provides all of the resources a student needs to succeed in biology.

## **Customer Reviews**

Book was received today, was described as very good condition. I would classify the book at acceptable or good, not very good. Pages (Damage present on cover and 300pages) show water damage and stuck together. Cover of book is ripped and crumpled. So for future reference book grading is a subjective term and should be considered as such when ordering books or text books.

Caveat Emptor

Though there are some parts that make biology fun, there are others that, well, I'm not a science major, so I find it less interesting

The textbook is great. It would be more of a help if the professor would assign homework from it :)

Fantastic quality. There were some tiny imperfections, but nothing that was distracting or a deal breaker. I'm super happy with my purchase AND I saved myself \$150 by buying a used copy online! Awesome deal! (Oh, and I have pretty high standards for used books)

Exactly what I needed for my community college class for a fraction of the cost.

Save me from paying full price and I came return them when I'm done. Thanks

Rented for class. Nice, cheap alternative to accompany online version required for class! Helps to

prevent eye strain and I just prefer the hard copy when taking notes.

What I needed for class at a great price.
