Great book from start to finish

This book is amazing. It gives a lot of answers to the question, is it all connected. The book is filled with evidence that there is a divine hand at work in our universe and that it is everywhere you look. I have read all of Marty's books so far and he really has a gift from the Creator. If anyone wishes to bring more of the dots together I highly recommend any and all of Marty's books and also check out

his face book page, you will find them very mind opening.
