Good resource

best book

Came fast, little writing in the books.

The idea behind this publication is good but its execution is not. I find the format somewhat discombobulated and confusing to follow. I'd look for something more methodical. Shipment and delivery were fine, though. Thanks.

This book arrived in a timely manner and it looks that it has never been touched

The book was in the condition specified and got to us in a timely manner which I appreciated the most!!

The book was new, cheap, and arrived on time. Great purchase.
