I couldn't put this book down. What a wonderful way to become interested in the art and times of Michaelangelo and Leonardo da Vinci. A gripping story.

I wanted to love this book but it fell short of my expectations. The story of Angelo building David the statue, is a weak plot line. It is muddled with lots and lots of history about rivaling factions trying to rule Florence. This book is more about these groups than about the statue. I wanted to learn more about Angelo, sculpting, art etc but the author spent 70% of her time describing the different plots, spying and intricacies between the waring groups. This was interesting but now why I chose the book.
