Customer Reviews

This was helpful when planning my trip to Copenhagen (an incredible city!). One note is that the museum near the Copenhagen train station that is listed as Free on Sunday changed its schedule. It's now free on Tuesday I believe (they had too many people reading these books and trying to get in on Sunday so they changed the schedule).

Overall - very good. but too much emphasis on Copenhagen area not enough on norther Jutland area.

I was looking for a guide about Copenhagen but I couldn't find it, and I had to buy a guide for the whole country. The city is not enormous and so the guide is fair enough for a weekend in the capital city of Denmark. Lonely Planet is always a guarantee.

The quality of writing in this guide is poor. It is at times distracting and takes away from trip planning.

Was essential to our trip to Copenhagen, very well done.

Personally, I did not like the organization of the book. Information is scattered throughout the book in a way that is difficult to follow. Graphics and photos are great!

Too difficult to navigate. Tried it a few times before we left, took too long to find any locations. Didn't use it at all in Denmark. Used Eyewitness Travel Denmark book instead.

excellent book
