Angela Walters is a long-arm quilter, teacher, and author. Her quilting career began at the side of her husband's grandfather, and together they made her first quilt, a nine-patch design that is still on her bed today. Thousands of swirls, feathers, and parallel lines later, she has turned her love of stitches and fabric into a thriving business focused on modern machine quilting. Angela also designs fabrics for Art Gallery Fabrics. She lives on the outskirts of Kansas City, Missouri, with her husband, three children, and many, many quilts. Christa Watson's background in traditional quilting led her to enjoy learning every step of the quilting process; her fascination with modern quilts has rekindled her love for the craft. An award-winning quilter, Christa has had designs featured in various publications. She currently designs quilt patterns, teaches workshops, and is an active member of the Modern Quilt Guild, the National Quilting Association, and the American Quilter's Society. Christa enjoys being a wife to her husband and a mom to her three kids, who all think it's normal to have a house full of fabric.

My two favorite teachers showing how to make the same quilt but in their own color scheme and the quilting it as their hearts desire. ...what's not to love. Great way of showing how to use your own creativity.

Love in! Can't wait to retire and do lots more long arm quilting. Liked the two different, accomplished and admired women's advice. Felt inspired!

I love it, It was everything I had hoped for and more. The instructions were easy to follow and the patterns were written simply and clearly. Very good book. I would recommend it!!

I have been attempting to increase my machine quilting and this is just the push I've needed. Great ideas.

I do not have long arm machine yet but near future I really want to get so this book is really good for me to read. And I also can use for my home sewing machine so I like to try to practice with this book.
