Ilona Horvath was the author of the original edition of The Traditional Hungarian Kitchen, renowned as the most popular cookbook in Hungary. Angela F. Nagy is the author of Dining Out in Hungary. Primus is a professional photographer.

If you want to buy just one hungarian cookbook, I would recommend this one. The recipes are very similar to the ones my Mom and grandmother used.

Ilona Horvath's "The Traditional Hungarian Kitchen: 133 Traditional Recipes" is intended for people who cook. No mere coffee-table book, it is like a short version of the Betty Crocker Cookbook. Why? Included within the 133 recipes are the basics. Langos, palancsinta, csirke paprikash, and, of course, goulash. It is filled with straight forward recipes, most with four-color pictures, with serving and presentation suggestions. Some Hungarian cookbooks can be accused of catering to western tastes over traditional tastes. Not this one. This was published just before the Hungarian Revolution of 1956, and retains the old world goodness that will greet your table. Those familiar with the Hungarian names will find helpful an index in Hungarian, as well as one in English. The book, originally published in Hungarian in 1955, reads smoothly. Chapters Soups Soup

This is a wonderful and concise book. It includes a small history/description of Hungarian cooking at the beginning, which is incredibly well stated. It has basically all of the traditional recipes, ranging from soups and salads, through to desserts. Most are accompanied by excellent pictures as well. I highly, highly recommend this book for anyone interested in Hungarian cooking, and especially for people (like me) who would like a compendium of recipes from their heritage. This is absolutely the best Hungarian cookbook I have seen. Enjoy!

This is a wonderful 95-page illustrated cookbook with about 110 traditional Hungarian recipes, the perfect gift for a budding chef. The recipes include all the ingredients and instructions, and a bit of the folk lore surrounding each of the dishes as well.I'm not much of a cook, but even I can deal with these recipes.We're thrilled with this cookbook and hope it is back in print in the U.S. very soon.

This is the best traditional Hungarrian cookbook. Every Hungarian household should have one of it. Our mothers and maybe our grandmothers learned to cook from this book.
