Don't Be Silly, Mrs. Millie!

Synopsis

Double Tap to Zoom. Mrs. Millie has lots of fun teasing her kindergartners. She tells them to hang up their goats, eat gorilla cheese sandwiches, and to remember to wear their bats and kittens when they go outside for recess. Coupled with hilarious artwork that literally interprets each of Mrs. Millie's "mistakes," this lighthearted read-aloud sets a typical school day on its ear, even as it teaches a subtle lesson on wordplay.

Customer Reviews

Do you like to be silly? Do you like to laugh? The author, Judy Cox, has written such a fun book. Miss Millie is one of those teachers that would make a classroom fun. I did wonder, however, if this kind of talk would be tiresome after awhile. Though we know this is not real life. Miss Millie intersperses funny words for what she means. The children have heard it so often, they know what she is saying or meaning. When you read this book, you can make your decision about the funny words. Adults will enjoy reading this book to their children. The children will laugh at all the funny words, and can make up their own funny words to go with their speech. The illustrations by Joe Matthieu are colorful, vivid and colorful. They depict the story of Miss Millie and her funny

words.Recommended. prisrob 06-02-17

This was a good fun read...I especially liked how the children would correct there teacher...Kids are curious by nature so they catch on fast which didnt surprise me when the children in this book would catch on to what the teacher was trying to say and/or meant and would correct her..a really silly read...

This story was delightfully fun to read. The illustrations are awesome and entertaining. This would be an excellent book to read to younger children.

I bought this as a Kindle Daily Deal. It was a cute story and my 5-year-old granddaughter loved it. I haven't bought a lot of children's books for Kindle, but what I did not like about this book in that format was that even on an iPad it was quite small, it appeared that most pages were two pages of the original book, which made the art and the print quite small on the screen. Yes, you can tap the print and it will enlarge, but then it covers some of the artwork. This might be a common issue with most children's books on Kindle, I don't have enough experience to know that. But this one, I would probably prefer to have in the printed version.

This is a light hearted book just right for some silliness. Little ones will giggle and tell Grandma to read it again.

Great story! Sometimes my students call ME Mrs. Millie!

I read this to my two year old and although he sat through it without too much wiggling, I found myself giggling while I read it. We will defiantly be reading this again if only for myself

This was a really cute book and I enjoyed reading it with my daughter. I recommend this book for preschoolers and beyond
