Beer Memorabilia

My dad collects beer signs so I got this for him as a gift.. he said it was a good book to read through. It's just the history about the beer and marketing for it. Idk why the other review was so upset about it not having prices... Why would it? If that's why you are looking for don't buy this book.

Was really hoping for a collectors guide but this is just mostly history. No pricing guide or values included for any of the pieces.
