Mr. Gray is a Los Angeles based Cartoonist and Professional Daydreamer.

This is an amazing coloring book! Nice pages for just about any medium to color. I have purchased this book twice so far for both of my kids. I will be getting a third for myself and now have other friends and family that have asked for it. My kids watch Mr. Gray on periscope every Wednesday to

draw along with him. They adore him and have a ton of fun! They also watch his YouTube videos as well on how to draw. Mr. Gray is also very encouraging and inspiring to my kids which is amazing! The way my kids look up Mr. Gray he might as well be part of the family. When they got his coloring books in the mail you would have thought it was Christmas but better they were so excited! Although Mr. Gray - Meadow says you better get a move on she's getting these done quickly and needs another one! Haha!!

Yay! Mr. Gray has brought us another fun-filled coloring experience! THIS time it's delicious-looking FOODS he brings to the table! (Lame pun intended). From SUPER sloppy Joes to stacks of gloriously glazed artery-clogging donuts, each yummy page has you salivating for the next! As with Mr. Gray's previous coloring book (Animals and Friends Vol I) this, too, includes fun facts and hidden objects...but ALSO includes all new PATTERN PAGES!...So...if you like good food, good fun, good...stuff...buy The Super Fantastical Flavor-Filled Food Coloring Book!...I DARE you not to eat it ;)

This is the second coloring book I bought from this person. The first was animals. I gave one to my 80 year old mother, this kept her busy and really relaxed. I gave the other to my grandson, who just liked making his own interpretation of what the animal should look like. My mom finished hers ,and enjoyed it so much I bought the next in the the series. I do have one of each for me that I work on at My pace. I forgot how relaxing it to color again. We are looking foward to see if they come out with anouther diffrent one.
