Customer Reviews

The material provided a great format and example for the actual TEAS and great learning skills .

Just received the book and I'm actually excited to have it and study from. I like how two different practice tests are included.

I passed the TEAS And got accepted into our program so I guess it served its purpose

Just what I needed

The tests helped to identify my weakest areas. Examples and explanations were good.

Excellent condition

I think the book help me summery the knowledge, and have better idea about what I will have on the test. Also, it really detail about the material. Even though I feel like there are not much example per section, I still can have an idea of what it was talking about

If you're taking the TEAS exam, I highly recommend buying this book! It reviews pretty much everything, which is awesome. It also contains two practice tests. This book definitely helped me raise my score and I'm so happy I spent the money on it.
