Melody Carlson has written more than 200 books for teens, women, and children. Before publishing, Melody traveled around the world, volunteered in teen ministry, taught preschool, raised two sons, and worked briefly in interior design and later in international adoption. "I think real-life experiences inspire the best fiction," she says. Her wide variety of books seems to prove this theory.

I purchased this bible & "the giving tree" book as a baby shower gift. I always try to gift a bible along with "the giving tree" always. This adorable little bible I feel is quite perfect for any very young readers interested in the bigger, longer more hard to follow, explain & unstand version. Though reviews mention the size of this book, the discrimination on the site for this book gives measurements as well. There are 91 pictured or worded pages. The pictures are colorful and are easily explainable to those curious young minds. The words are nice & neatly printed with a bold

capital letter at the beginning of each start to the pages. The ink cover has a nice glossy finish to it. On the inside, there is a page content, easy to read & follow. Whether you read it to that special little girl, you read it together or she's reading it to you, it makes a perfect bedtime book or a short on time book because it may have 91 pages, there are very few words on each page. This would be a very good gift idea for baby showers or that baptism you might be attending. I have photos to help you decide. Hope I helped. THANKS FOR READING, BYE

I bought this for my cousin's baby shower gift and she loved it!! Good quality

But as a gift and it was a hit!

We used this as a guest sign in book for our daughter's baptism. It's perfectly small for her toddler's hands. Stories are perfect for their concept.

Bought it for my goddaughter. I love the simple look inside. I don't know if this would be an issue for you, but if you're little one tears paper constantly it's not advised to give them this book. The inner leaves are thin.

My daughter has a rough concept of who God is. This bible does not even touch the surface of what my three year old is aware of. We read the entire book as a bedtime poem. We really need to upgrade to a more in depth first bible.

Bought this for my young niece, good item with quick shipping.

I purchased this as a baby gift for a young couple. They know the baby is a girl. They loved it and have started reading it to her already. She is not born yet but they were so excited they could not wait:-)! The book is beautifully illustrated and written at an appropriate level for a very young child yet still conveying the lessons.
