Customer Reviews

I cant take seriously any publication that contains as many misspellings as this does. Also, contains nothing that cant be easily gotten with a quick Google search. Save your money...

I should have read the reviews before buying this. There are NO CURES offered in this book. Glad it was not very expensive. Save your money and buy some Llysine or Valtrex.

Really lame. The author isn't even a doctor and uses poor English. Who is the guy on the front cover of the book? Looks like a real doctor. His diet suggestions conflict in part with researched considerations. Glad I only paid 99 cents for this book.

Very informative...a lot of helpful tools

All sorts of good info if u are one of the 1 in 5 people that have herpes. I got this virus 50 years ago but find as I get older my breakouts are very rare. I will however, follow some of the info from the book. I put it on my kindle and it's very fast reading and very easy to understand. Recommend!!

This product came on time but completely in Chinese. The menu on the screen is in Chinese and also the paper instructions! I tried finding online anything regarding this product to change the

language but couldn't find it. Unless you speak Chinese, this is not for you!

GREAT PRODUCT
