Leigh Ann Tyson is the author of several books for children. She lives in Pennsylvania with her family.

Cute story, cute pictures. The pages were cut a little sloppy. I ordered with the Webkins "Stormy" dragon and my 7 year old loved the set. Stormy looks just like one of the dragons in the book.

We have and love this book for our son, so I purchased it for our nephew as well! Very cute book about bedtime routines. For now I think my son just likes the pictures, but this is a good book that will grow with him. It's simple enough that he enjoys it now (four months old), but something he will enjoy independently when he's older.

My children (2 and 4) LOVE this book. They have parts of it memorized and read along with it. They

love the colors and the characters. Its a wonderful, sweet book for kids who like dragons.

Cute story but definitively for younger kids. It's a very simple story with great pictures. Fun for parents who are fans of dragons :)

It's a fun story to read at bedtime The illustrations are cute too.

Super cute images and nice little bedtime "story". My daughter (3 years old) loves this book and we often read it before sleeping. If you like cute dragons go for it. I think it is good for a boy or a girl. Recommended!!!

Exactly what I was looking for

bought for granddaughter her mommy reads to her at night
