ISBN-13: 978-0786836024

Product Dimensions: 9.1 x 1 x 9.5 inches

Shipping Weight: 3 pounds

Average Customer Review: 4.6 out of 5 stars 195 customer reviews

Best Sellers Rank: #1,255,592 in Books (See Top 100 in Books) #111 in Books > Children's Books > Geography & Cultures > Where We Live > House & Home #1148 in Books > Children's Books > Cars, Trains & Things That Go > Cars & Trucks #1522 in Books > Children's Books > Literature & Fiction > Short Story Collections

Customer Reviews

Disney Publishing Worldwide (DPW) is the world's largest publisher of children's books, magazines, and apps, with over 700 million products sold each year. DPW consists of an extensive worldwide books and magazines licensing structure as well as vertically integrated publishing imprints, including Disney-Hyperion and Disney Press in the US and Disney Libri in Italy. DPW's digital products include bestselling e-book titles and award-winning original apps. Disney English is DPW's English language learning business, which includes learning centers in China and a worldwide retail-licensing program. Headquartered in Glendale, California, DPW publishes books, magazines, and digital products in 85 countries in 75 languages. --This text refers to the Audio CD edition.

I got this for my twin boys, age 2. They LOVE everything Pixar and love this book. The pages, however, seem a lot thinner and rip easier than most of their other books. They are not particularly hard on books, they have plenty they read every day and don't rip. This book, however, seems to rip

by just turing the pages. I was sad we had to put it on a high shelf and make it a Mommy/Daddy read book, since they really love flipping though the pages, but I didn't want it coming completely apart.

This last Christmas, I wanted to find a storybook collection for my son. We already had a few of the other collections and I saw this one. Lightning McQueen stood out to me and my son LOVES Cars so I figured this would be a good choice! The Disney Pixar Storybook Collection is comprised of 17 stories that are based on the Pixar movies. The stories included are: 1. Toy Story 2. A Bug's Life 3. Toy Story 4. Monsters, Inc. 5. Finding Nemo 6. The Incredibles 7. Cars 8. Ratatouille 9. Wall-E 10. Up 11. Toy Story 3 12. Cars 2 13. Brave 14. Monsters University 15. Inside Out 16. The Good Dinosaur 17. Finding Dory This book has a total of 300 glossy pages, bound in a nice hardcover. Each story is roughly 18 pages long and the book measures 9 1/8 inches by 9 1/2 inches by 3/4 inch. This book is printed in the USA. My son got this book for Christmas and he likes it! I like that the stories are good for boys and girls, which works well for us since I have boy/girl twins who are four. We've seen a number of the movies that have stories in this book and those follow the stories nicely. These stories each take us about 15 to 20 minutes to read so, if we read one of these before bedtime, that works but my daughter usually likes to pick out a story of her own so we don't read this too much before bedtime. I think these stories are great for the preschool and older age since they are longer when kids have bigger attention spans (I'm guessing). Younger kids might not sit through these stories but it certainly can't hurt to try, though the pages aren't built to withstand a toddler's desire to destroy everything! Overall, my son likes this book and will look at it on his own occasionally. I feel we will get more use out of it as my kids get older and the stories are good ones if your child likes the Pixar movies, because, really, who doesn't?!?! It's a good buy if you want a bunch of stories in one book!

Nice little stories. My 4 yr old only has patience for one story at a time since there are a lot of words one a page and few pictures for the length of the story. But has a lot of different stories in there to choose from.

I bought this for preschool ages from 3 to 5, and let me tell you the stories are not written for children. I lost their interest because it was too long and it had words they didn't understand. Its also not written to very interesting. To get through on story I had to go by memory of the movie.

My 2 1/2 year old son loves these story time Disney books! He carries them around all the time. If you catch them on Black Friday @ Walmart you can get them for around \$5. I always miss them so is my next place to get them. Great deal for an amazing book that will last a life time. My son and daughter both own multiple versions and I always buy them as gifts. Highly recommend.

Purchased for my grandson birthday. He likes the book loves to be read to. And even tries to read it himself.

My daughter has another Disney Storybook Collection with classic Disney stories, and she absolutely adores it. After reading it to her nightly for months, we thought this would be a perfect follow-up. It's turned out to be a let-down. The stories are badly written surprisingly poorly drawn (drawings rather than the computer-animated looks of the real movies.) Even worse, the original stories for only a few of the movies are included; more than half the stories are made up vignettes with the characters. My three-year-old daughter, having never seen Toy Story or Monsters, Inc., doesn't get much from the follow-up stories without the originals to provide context and background. It's a nice size and a fairly sturdy book for the price, but the storytelling falls way short.

narrator does a good job with voice inflection
