English Textbook for middle school and high school students.

It helps a lot in studying

EXACTLY WHAT WE WANTED =)

I love this for teaching. It explains each category simply and tests in a variety of ways. My only complaint is that it can seem repetitive. That is often a good tool for some, so I can't take away stars for that.

This workbook is the same book I taught from a few years ago. The grammar worksheets allow students to work the problems and not have to copy sentences from their book. The workbook is sectioned into parts of speech, verb usage, punctuation and more. This is a good book for freshmen to practice their grammar.

The book is great!!! I like the way it is laid out and i like the chosen lessons. Some of the lessons seem a bit confusing, but overall the book is solid. My problem is that THE BOOK DID NOT COME

WITH AN ANSWER KEY. I had to buy it separately for \$80(used). The book is great but USELESS without the answer key. There are plenty of other cheaper good books that I would have bought instead, had I known this. So, I would give the review one star because I thought the book came with answers, but the book itself is still okay.

I ordered this book since it was required for school. It was as described and I have no complaints .

It was a required book for school.

Excellent book for 9 th grade. Content os well laid out. Very happy our school chose this book. I would recommend it for other 9th grade students.
