Someone To Care (A Westcott Novel)

Synopsis

The legendary New York Times bestselling author is back with a new Westcott novel about the dispossessed countess and wife of the late Earl of Riverdale, who throws all caution to the wind when adventure calls in the form of a handsome aristocrat. No one has felt the death of the Earl of Riverdale more keenly than his wife, the now dispossessed countess Viola Kingsley. On her way home alone from Bath, Viola meets an adventurous aristocrat at a country inn. Since she is being forced to stay for a day and night, she goes to the village fair with him and impulsively gives in to his suggestion that they run away together for a while--a brief respite from their lives of duty and responsibility. What they discover together is the last thing Viola would have ever expected...
