# Dissent In America, Volume 1

## **Synopsis**

This collection of primary sources presents the story of US History as told by dissenters who, throughout the course of American history, have fought to gain rights they believed were denied to them or others, or who disagree with the government or majority opinion. Each document is introduced by placing it in its historical context, and thought-provoking questions are provided to focus the student when s/he reads the text. Instructors are at liberty to choose the documents that best highlight a theme they wish to emphasize.

## **Customer Reviews**

For a basic understanding of how this country has fought against the forces of big money and political power from the very beginning, I haven't found a better anthology than this one. You'll be amazed at the things you didn't know, or had forgotten, about American history.

A full anthology of protest writing. Fantastic for both learning on one's own or when researching or using for academic query. It is great having such a selection in one book.

This is a fantastic, phenomenal collection of primary-source documents spanning all throughout American history. I highly recommend it for anyone interesting in brushing up on American history, as well as anyone genuinely interested in the various reasons, methodologies, and practices behind

"dissent."

Great read

Outstanding clarity and gives you perspective

Useful for AP Lang.

So many useful speeches

I liked the history
