Grade 7 Up
•College student David Rain; his Goth girlfriend, Zanna; and his dragon-creating landlord, Liz, and her daughter, Lucy, fulfill their destinies in this exciting conclusion to *The Fire Within* (2005) and *Icefire* (2006, both Scholastic). David is writing a book about polar bears, dragons, a mysterious fire star, and a transdimensional race from another universe. He's shocked to realize that his fictional tale is actually coming true. He discovers that a powerful dragon is lying dormant and petrified in a mountain. The Fain, an ancient race that revered dragons, intended to colonize Earth eons ago but something disrupted space and closed the line between the worlds, leaving some survivors behind. They have possessed Gwilanna, Liz's powerful and malevolent relative who is determined to call down dragons when the fire star aligns with Earth and the portal to Fain's world opens. If Gawain, the dormant dragon, awakens and dragons arrive and are allowed to breathe fire, they will cause widespread panic and catastrophic environmental damage. The multiple story lines and frequent but cryptic references to events from previous books make this novel a bit confusing for those unfamiliar with the earlier titles. Despite this, the story, with its involving and

thought-provoking plot full of clever little dragons, mystical polar bears, and spiritual and ecological aspects, will appeal to many fantasy lovers. --Sharon Rawlins, NJ Library for the Blind and Handicapped, Trenton Copyright © Reed Business Information, a division of Reed Elsevier Inc. Praise for Fire Star: "Readers will find action and mysteries aplenty in this fantastic tale, as well as a group of appealing dragons who are tricky, heroic, and often charming." --School Library Journal --This text refers to the Paperback edition.

Chris d'Lacey is a true story craftsman. From the first page to the last, the story grips you and your concern & interest are fully captured. I so look forward to the next book.

son loves he is 10

Thank you

This is one of the best books I've ever read mostly because of the dragons. My favorite dragon is G'reth. I wondered why David named a dragon Gollygosh Golightly. Can't wait to read this book.

The book was not bad at all. Some of the final chapters were a little disorienting toward the end, but still a good read.

Fun and enjoyable

Just.. wow! It has me glued from start to finish! Just the excitement, suspense and thrills! It's another wonderful addition to the Pennykettle line up:D

I loved it! Love the whole series and waiting for the last one to come out! this world Chris Lacey created is wonderful on so many levels.
