Customer Reviews

This is an excellent book for Neuro-linguistic Programming. I learn certain techniques that have been proven to be very valuable and useful on several levels. The author did a great job in writing this book. It flowed nicely from topic to topic and covered absolutely every powerful NLP techniques and concepts. If you want to transform your life and start achieving more, I recommend that you buy and read this book!

This book challenges us to have control over our minds. It teaches us to learn how to overcome our fears and be able to know who we really are. This gives us a clear explanation how NLP will really change our view of the world and our life. NLP looks for the answers in places where they are most likely to be found. This book teaches us that instead of trying to solve the problems, NLP strives to offer the solutions by observing successful people and their habits. Great way to renew our mind and live to the fullest.

The NLP exercises offered through this book is specially designed to change the way you feel and aims to enable you to motivate yourself to perform a practical action or behavior. By implementing the skills you can improve yourself steadily each day. Everything you need to know about mastering your mind, you won't miss here.

The topic NLP was really unknown to me, but reading this book it seems to me an interesting and effective program that can help me a lot to optimize my life by helping me with controlling my mind or hypnotizing. It is recommended.

It was the best mind control guide which have a lot of aspects that surely effective. I need more to implement and achieve success in my life. This code be step to start a new one, with a good conversation. That's really amazing , now I realized that there's a lot of things to put up. I could imagine how life is beautiful, with the right control of ourselves. Totally a big achievement to our life.

The book is a perfect combination of very understandable explanations and practical implying of the methods of NLP. NLP techniques will help in transforming the way we think in any field of life and the shared information is helping the reader to know the aspects involved or the process of gaining

this ability to think the better way towards developing our careers, life or relationships. I must say that this one was clearly written with the reader in mind. This is the perfect book for further in depth explanations of the process and uses of NLP

This one is so great a lot of help to improve our self. That's all we need! very helpful, but we need to understand well. Before we apply it to ourselves. That is the most informative guide to avoid stress. The better we understand ,that the excellence will got. But be careful to use it , it's a lot of someone that most wiser for their own goal.

I loved this book from the very start. From the introduction to the conclusion, it was really interesting. I was particularly interested in the mind controlling part of this book. It has steps on how you can control your own mind effectively. You also get to learn how important it is to be able to control your own mind. A really nice book, I must say.
